

**Galveston Music Club  
Proudly brings you the local  
Federation of Music Clubs Festival, 2021!**

**Saturday, February 27th, 2021  
Moody Methodist Church,  
Galveston Texas**

# *Welcome!*

The Federation of Music Clubs Festivals Program is designed to promote the study of, and stimulate interest in American and world music literature, and encourage each participant to reach a high standard of musical achievement.

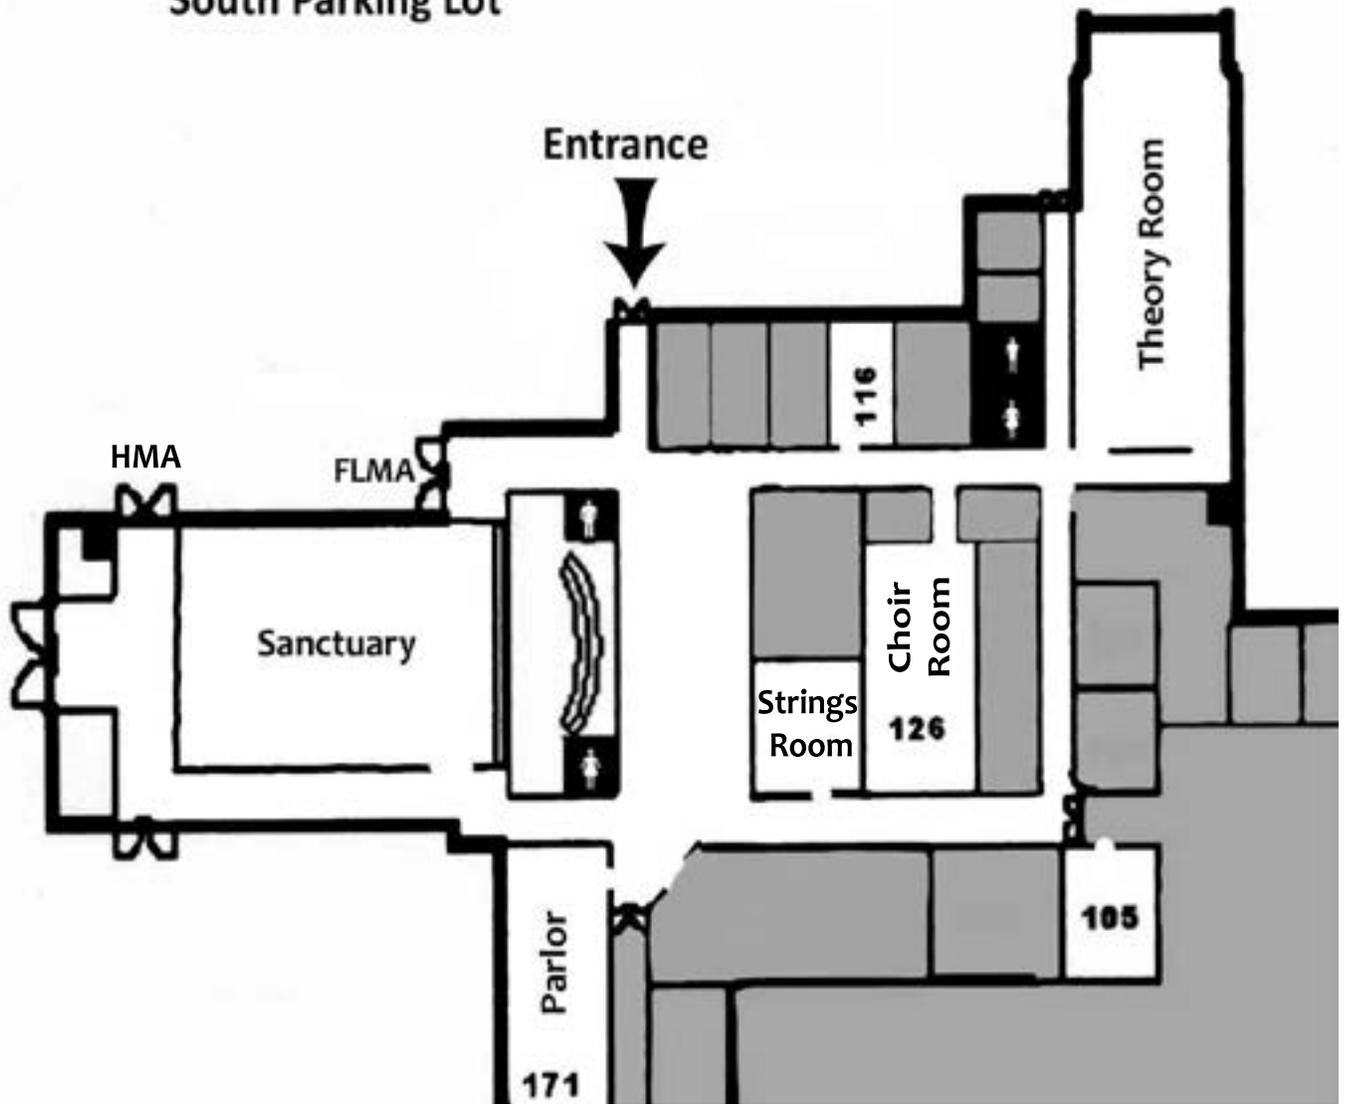

Galveston Musical Club is the proud host of this event. Galveston Music Club has been an active part of musical life in Galveston since its inception in 1892 as the Girls' Musical Club. A cooperative effort of about 3 dozen local teachers and their student affiliate members, Galveston Music Club supports the study of music primarily through the Federation Festival and through the Izola Collins Memorial Scholarship.

“Are we not formed,  
as notes of music are,  
for one another,  
though dissimilar?”

~ Percy Bysshe Shelley

# Izola Collins

## Memorial Scholarship

Izola Ethel Fedford Collins was an accomplished musician, teacher and author. Born in Galveston, she graduated from Central High School at 14 and from Prairie View A&M University at 18. She obtained her master's degree in music from Northwestern University in Illinois, and was a gifted pianist and trumpet player. Retiring from Galveston ISD as an award-winning choir instructor, she was elected city-wide to the GISD Board of Trustees and served nine years, the last as president.

Ms. Collins wrote published articles and poetry, and also authored four books. She was founding director of the Galveston Heritage Chorale, a member of the Galveston Arts Commission, and President of the Galveston Musical Club. Collins also wrote a symphonic piece, "Galveston Survives", for the Galveston Symphony Orchestra.

Though she passed away in 2017 at the age of 87, Izola Collins' work as a musician still impacts Galveston today. To commemorate her contributions, the Galveston Musical Club has instituted the Izola Collins Memorial Scholarship, an annual essay contest for high school seniors.

Caleb graduated early as a homeschool student, began by taking courses at Galveston College, with plans to attend Texas Tech for a degree in mechanical engineering and later a masters in bioengineering.

For the past 11 years I solely treated my patients through chiropractic and achieved wonderful results. In 2012 I added a nurse practitioner to my clinic to more effectively treat a wider range of their illness's and ailments such as CTS. In addition, due to a number of our patients suffering from joint arthritis and inflammation, we have now implemented a natural, safe alternative to drugs and surgery for joint pain and arthritis. Schedule a **free consultation** today with our team so that we can get a better understanding of your needs. We will work with you one-on-one to help you overcome the pain you are experiencing. ***We look forward to hearing from you!***

We thank **First Lutheran Church of Galveston** for the printing of this bulletin! Please consider donating to their Feed Galveston Mission to provide packaged meals for Galveston County at **FeedGalveston.org**

The Feed Galveston ministry is First Lutheran Church of Galveston's **hope for the hungry in Galveston County**, as well as way to build lasting relationships in the community.

Powered by local volunteers and partnered with **End Hunger NE and Outreach**, we are able to provide nutritious packaged meals very quickly to those who otherwise will go hungry. By partnering with the **Galveston County Food Bank** and other local food banks we are directly connected to a systematic process that gets food to those who need it most. Since it's inception 3 years ago, our volunteer force has packaged over 320,000 meals.

Each December, we partner with Galveston Ball High School to package 50,000 meals during the Share Your Holidays drive for the Galveston County Food Bank.
